

# Net Nanny 6.5

The best parental control software just got better!

Over the last 15 years Net Nanny has been the most trusted name in parental control software. You have the peace of mind of knowing that you are protecting children and teenagers with the best internet safety tools available. Net Nanny can block not only pornography, but hate sites, questionable chat rooms and other dangers of the internet. You can configure Net Nanny to block online game and gambling sites, and even make it so your children can only install and play computer games with parental ratings that you deem appropriate.
