## Home Design

### ✓ Home Builder & Design Wizard

Choose one of our many sample home plans, or use your creativity to begin building your own. Save even more time with the powerful home builder wizard that let's you quickly set up your design with ease.

#### Floors/Foundations Builder

Use the floor/foundation builder wizard to quickly add a foundation with walls and footings.

### ✓ Roofs

Create an incredible variety of unique, custom roofs. Drag and drop to automatically add dormers. You can even insert accessories such as vents and solar panels.

#### Energy Saving Solar Panels

Make your home energy efficient by adding solar panels and vents to roofs.

#### Custom Features

Add unique touches to the exterior of your home, like columns and lighting, shutters on windows, curved stairs and more.

### ✓ Paint, Materials & Textures

Select from a huge collection of exterior (& interior) paint colours from nationally known brands. Choose from our library of materials and textures such as siding, brick, or stucco to apply to the exterior of your home, or scan in your own. There are even a variety of roof surfaces to choose from.

## Interior Design

### Kitchen Builder & Design Wizard

Quickly design the kitchen you've always wanted. Use our Kitchen Builder & Design Wizard to layout the perfect workspace, or simply drag and drop elements in place. Move walls, paint and update cabinets, countertops, and appliances.

Plus, the kitchen is the largest energy consumer in your house. Find out how to save energy and money by locating green appliances that reduce your energy consumption.

### Bathroom Builder & Design Wizard

Whether you're remodelling an existing bathroom or adding on, updating a bathroom can add significant value to your home. Use the Bathroom Builder & Design Wizard to quickly layout your new bathroom, or use our simple tools design your own.

### Create Custom Cabinets

TurboFloorPlan makes it easy to create custom cabinets for your new kitchen and bathroom, as well as other areas in your home for extra storage. Choose from a variety of sizes and select the colour and finish, try different hardware, handle styles, and choose the countertops material such as marble or granite.

### Paint, Materials & Textures

Select from a huge collection of interior (& exterior) paint colours from nationally known brands. Choose from our library of materials and textures to apply to walls, floors, furniture and more. You can even scan in your own materials, so you can, for example, see how your actual drapes or wallpaper will look.

### Custom Features

You can easily add skylights, circular staircases, curved railings, columns, furnishings, lighting and more.

## Landscape & Deck

### Deck Builder & Design Wizard

Use the Deck Builder & Design Wizard to quickly add a deck to your backyard, or design a patio complete with patio furniture and lighting to extend your living space outside.

### Terrain Builder Wizard

Imaging the perfect home site setting? Location, location, location. Placing your dream home on a hill or gentle slope is easy using the Terrain Builder Wizard.

### Landscaping

Creating the perfect landscape is easy with over 7,500 realistic trees, plants, flowers and shrubs to choose from. Fill flower beds or add a vegetable garden. Place fences and gates, driveways and pathways complete with outdoor lighting to mark the way, lush green lawns and more.

### Plant Encyclopedia

Choose the perfect foliage for the right location in your yard so plants will thrive and still fit all your decorative and ground cover needs. Get detailed plant information including photos, descriptions, best usage, seasonal diagrams, overhead views & more

### Shed Builder & Design Wizard

Get valuable extra storage space or the perfect outdoor workshop. The Shed Builder & Design Wizard makes it easy. And you can be sure it will look and work exactly as you imaged. TurboFloorPlan takes the guesswork out of all your projects.
